MOISTURE RESISTANCE

NEW!

Take more.
Endure more.
Withstand more.

- MO.RE! reliability**
ALTITUDE floors featuring MO.RE! technology offer you as much as 48 hours of splash-water protection.*
- Antibacterial comfort**
It goes without saying that keeping your floor as clean and bacteria-free as possible is important to you. The A.B.C. surface** does not provide a basis for bacteria to grow. With regular cleaning, you and your family can enjoy everyday life without any worries.
- Pet proof**
Thanks to their robust surface, MO.RE! technology and the antibacterial comfort, ALTITUDE floors are eminently suitable for households with pets.

How MO.RE! technology works

MO.RE! technology is based on a new substrate formulation. This makes the floor significantly less prone to swelling and therefore more resistant to the effects of water than conventional laminate floors.

Spilled a drink? Knocked over the mop bucket? Has a flower pot leaked onto the floor? There's no reason to panic: Floors featuring MO.RE! technology can withstand such mishaps. You can wipe

up the liquid in peace and don't need to worry about whether your floor has been damaged. MO.RE! makes this possible!

* According to works standard specification KRONOSPAN WN-103, www.floor-with-more.com.
** Tested germs: Staphylococcus aureus

Your benefits at a glance.

GUARANTEE*

All ALTITUDE floors are put through a series of rigorous tests in order to comply with international quality standards, which is why we grant an extensive residential warranty with every product.

MICROSCRATCH PROTECT

This especially durable surface will protect your floors even better against microscratches which can occur through heavy use. With Microscratch Protect, your flooring will be well-protected against fine scratches and everyday wear and tear.

4-SIDED BEVELED EDGES

The planks have 4-sided beveled edges to ensure an authentic floorboard appearance.

ANTI-STATIC

ALTITUDE floors provide complete protection against unpleasant shocks. The Anti-Static is built-in and guaranteed for the life of the floor. In addition, these floors do not attract dust and dirt in the conventional way and are therefore incredibly easy to keep clean.

A.B.C. ANTI BACTERIAL COMFORT**

Keeping your flooring as clean and free of bacteria as possible is naturally a major concern. A.B.C. Anti Bacterial Comfort inhibits the growth of bacteria on your flooring and provides you with the peace-of-mind that comes from a healthy home environment.

1CLIC 2GO PURE

ALTITUDE floors are installed in no time at all with the 1cllic 2go pure installation system, which provides a friction-locked connection and does not require any plastic seams.

AUTHENTIC EMBOSSED

The high quality Authentic Embossed textures feature elegant contrasting and a thrilling multi-gloss effect that emphasises the depth of the structure with matt and gloss elements that reflect the light differently. The synchronous pores follow the grain of the decor, meaning they flawlessly mimic the character of natural wood.

AC RATING / UTILIZATION CLASS

AC5 – Class 23/33 (EN 13329)
ALTITUDE floors can withstand even more: with utilization class 33 and abrasion class AC5, they are suitable for all living and commercial areas with intensive use.
